

Organizational Resilience Professional Development & Credentialing Program

Required Competencies to be a Leader in Organizational Resilience

Resilience.
Education.
Credentialing. **ICOR**

The International Consortium
For Organizational Resilience

Certified Organizational Resilience Manager, Professional & Executive

3 day class, Clusters 1-3
eLearning/self-study=15 competency areas

4 day class, Clusters 1-4
eLearning/self-study=20 competency areas

5 day class, Clusters 1-5
eLearning/self-study=25 competency areas

Audience: Intended for those responsible increasing for the resilience of the organization and for managing risk throughout the organization. These courses provide you with the knowledge of how to build more resilient organizations.

Certification: ICOR's organizational resilience competency-based certification program identifies and evaluates what it takes to be a leader in organizational resilience—across the globe; and across all career levels, job roles, and job functions. Achieve certification by completing the course requirements and passing the exam or challenging the exams.

Exam: Each competency area has one 30-minute online exam. Certification is awarded by successfully completing each competency exam.
